LOGISTICS

Increase hours of service

With instant transactions, reduce detention time, and eliminate transaction times on the dock.

Get ensured reimbursements

That increase revenue, eliminate lost receipts, and make load closeout and billing efficient.

Improve operational efficiency

By eliminating phone calls for money codes, driver wait times, and manual reconciliation.

Keep drivers safe & happy

With a real-time secure audit trail as insecure cash and checks are removed from the process.

Save **\$5 - 20** / transaction.

Used by **25,000** carriers nationally

Reduce time wasted on dock by up to **45 minutes.**

0 lost receipts

Carriers  Relay

“Relay offered a tightly secure, highly efficient system to send money to our drivers. Relay has allowed for advance planning rather than inefficient phone call requests from drivers.

This has saved both dispatch and drivers a lot of time.”

Pete Giovetsis, Dir. Operations · Pipco
